Dear friend of NIG,

We are happy to welcome you to the 2023 NIG conference!

We are excited to host you again this year at our annual conference, exchange ideas and discuss ongoing research. This year we can welcome you to the beautiful campus of TU Delft. It was once again a pleasure to organize the annual conference and we wish you a lot of fun, creativity and inspiration on 2 & 3 November!

In this booklet, you will find everything you need to navigate these two conference days and get to where you need to be. This includes the complete program, a specification of the papers of each panel, and campus maps.

In this booklet you will also find a few things we have in store for you namely:

- VB-NIG Dialogue
- NIG Elective courses
- NIG Events (Writing week and PhD Research day)

We hope you enjoy today and tomorrow!

See you soon

VB-NIG Dialogue 2023

EQUALITY IN HIGHER EDUCATION - A CONTESTED IDEAL

Amidst our pursuit of knowledge and progress, a pressing question arises: Why does equality in higher education and research remain a contested ideal?

On March 8 of this year, as part of the Association for Public Administration's 50th anniversary book, the chapter "Equality in Education: Steering Towards a Contested Ideal" was published. This book chapter raises questions like: what is the state of equality in our public administration education? To what extent does it play a role for PhD students embarking on a doctoral program? And what implications does it have for a career in academia?

During the VB-NIG Dialogue, we want to discuss both fundamental (e.g., what does it mean to provide equal opportunity in higher education?) and practical (how do, e.g., gender and being first-generation shape opportunities?) topics related to equality. We want to jointly reflect on our role as scholars in shaping a future of equal opportunity in higher education.

- When:** November 2nd, 2023; 9.00-10.30hr, including breakfast!
- Where:** TU Delft
- Who:** Everyone who works in public administration science and practices, and who is interested in equality in higher education!
- Program:**
- | | |
|--------------|---|
| 9.00-9.30: | While enjoying breakfast, you will experience our format Science Dates live and discuss statements on equality in higher education in which your personal experiences can come forward. |
| 9.30-10.00: | Experts will enrich our thinking on equality in higher education. |
| 10.00-10.30: | Plenary Dialogue |

NIG EVENTS

NIG Writing week

In October 2023, twenty-eight PhD candidates and early career scholars assembled for NIG's first writing week in a former monastery in Werkhoven. The secluded area and setting offered great opportunities for individual writing in a spirit of collegiality. Writing workshops were offered on academic writing (Nancy Peiffer, Taalcentrum VU), the editorial gaze (Arjen Boin, Thomas Schillemans & Nanke Verloo) and journalistic writing (Maartje Bakker, Volkskrant).

PhD Research day 2023/2024

Stay posted for the upcoming PhD Research Day 2023/2024! During this day you as NIG-PhD researcher have the opportunity to present your research to your fellow PhDs. This day will allow you to practice your presentation skills, receive and give feedback and socialize. We hereby want to alert you to this event.

Stay tuned, the date for the PhD research day will be announced

soon via our website and socials!
